Course Title

Master of Science in Food Science and Technology

Master Degree: Master of Science in Food Science and Technology

Academic Institution: Faculty of Agriculture, Natural resources and Environment, Naresuan University

Duration: 2 years

Objectives:

1. To produce graduates in Food science and Technology with knowledge and skill that meet the international standard in the field of Food Science and Technology and with capability to efficiently apply the knowledge
2. To produce graduates that serve government policy of agro-industries
3. To produce graduates with ability of conducting research and applying the knowledge to the food industries

Course Synopsis & Methodology:

Welcome to the Department of Agro-Industry at Naresuan University. Our department serves the needs of study and research with high quality laboratories and equipment. We have continuously produced graduates who possess both academic and practical experiences in the field of agro-industry, especially in food science and technology.

We are proud of our strong graduate programs in Food Science and Technology both at master's and doctoral levels. Our good reputation is confirmed through high quality technical presentations in international conferences, scientific conventions, and both national and international publications.

As presented in the faculty profiles, expertise among our faculty is diverse and comprehensive, covering broad areas, such as food chemistry, food processing and engineering, food microbiology and food safety, food product development, food biotechnology, and food nutrition and packaging. Our missions not only focus on instruction and research but also consultancy and outreach programs. Our faculty members are well-known for their willingness to nurture capable students through participation in their commissioned research project as part of the student's own thesis. These efforts, therefore, have led to a number of international publications and patents over the past decade.

Our faculty members also have established close and strong relationships with professors in leading US, European, Asian, and Australian universities and research institutes.

As for recognition and significant partnerships, our department is honored to be a member of several professional consortiums and associations, such as the Thailand Agro-Industry Academic Council Association (AIAC). Moreover, in the capacity of a committee member on the AIAC Board, our department is kept abreast of up-to-date activities. In addition, we also signed MOUs with the leading food industry companies, such as CEO Agrifood Co. Ltd, WGC Co. Ltd., and Oryza Oil and Fat Chemical Co. Ltd. (Japan). Regarding the MOUs, our staff and students have received research funding and scholarships on a continuous basis.

One of our great advantages as compared to other universities offering programs in Food Science and Technology is the location. We are situated in the hub of thriving primary agricultural production for consumption both at home and abroad. Additionally, as a department under the Faculty of Agriculture, Natural Resources and Environment, we are closely related to other departments and together we can make a big difference in our field with collective efforts.

Come and join us as the path to your personal success, through our course offering research opportunities with provision for funding through grants and scholarships. Let's join hands in feeding the world with safe and healthy foods.

**ROYAL THAI EMBASSY
DHAKA**

The Royal Thai Embassy presents its compliments to the Ministry of Finance of the People's Republic of Bangladesh and has the honour to inform the latter that Thailand International Cooperation Agency (TICA) in cooperation with Thai universities/Academic Institutions would like to announce the scholarship for Master Degree/Diploma Certificate under the Thailand International Postgraduate Programme (TIPP) for the year 2018.

The TIPP programme is a framework in providing developing partners which aims at sharing an important pillar to revitalize South-South Cooperation. TIPP offers opportunities for Thailand and its partners to exchange their experiences and best practices that would contribute to long-term and sustainable development for all, particularly through human resources development.

Aiming at sharing Thailand's best practices and experience to the world, the scholarships are offered on a wide range of development-related topics under the four plus one themes. The highlighted themes are Sufficiency Economy Philosophy (SEP), the key factor behind Thailand's achievement of sustainable development in many areas. The other themes are areas in which Thailand's best practices can help address global challenges, namely, Food Security, Climate Change, Public Health and other Sustainable Development Goals (SDGs) related topics.

A number of sixty (60) scholarships are made available throughout 2018-2020 under the TIPP scheme. Attached herewith are lists of the scholarships, Guideline for TIPP, list of eligible countries/territories and application forms for the Ministry's perusal.

In this regard, the Royal Thai Embassy has further the honour to request for the Ministry's kind assistance in conveying the announcement for the above-mentioned postgraduate programme to the relevant government agencies/offices. Please note that each eligible country/territory is invited to nominate up to five (5) candidates per scholarship and the application must be submitted to TICA through the Royal Thai Embassy in Dhaka. Qualified applicants are strongly encouraged to submit the applications by 16 February 2018. For more information, please visit www.tica.thaigov.net. Or email tipp@mfa.go.th

The Royal Thai Embassy avails itself of this opportunity to renew to the Ministry of Finance of the People's Republic of Bangladesh the assurances of its highest consideration.
